

HAYWARD IS HANGED
BUT "DIED GAME"

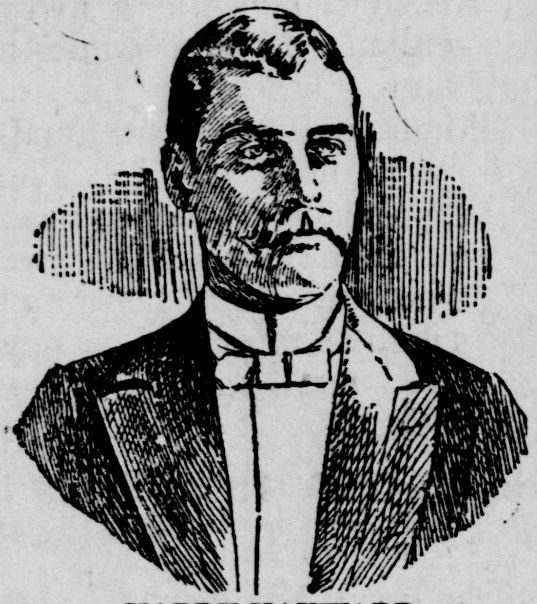

CATHERINE GING'S SLAYER EXECUTED THIS MORNING.

"Let Her Go, Megarden" Were His Final Words and They Were Uttered Jokingly as the Trap Was Sprung—Went to the Gallows with a Smile On His Lips.

Minneapolis, Minn., Dec. 11.—Harry Hayward was hanged at 2:10 o'clock this morning. The execution was successful in every particular.

The murderer of Catherine Ging maintained his cool demeanor to the last, and died without confession, the priest in waiting not being called upon to perform his holy offices.

Hayward made a statement of five minutes' duration, and, while not making a confession, said he hoped God

HARRY HAYWARD.

would forgive him all the harm he had done.

The murderer went to the gallows with a smile on his lips and went down with the trap just as he uttered the words, lightly, "Let her go, Megarden!" The command was directed to the chief deputy.

Prior to the execution the condemned man maintained the nerve which has made him famous. He took his last supper shortly after 10 o'clock and was surrounded by the deputies and the death watches.

Just before the death warrant was read Hayward turned to his brother, Dr. Thaddeus Hayward, and said: "You know I am a great believer in spiritualism. If I get safely on the other side, I will send a message to you."

At 2 o'clock Hayward listened to the reading of the warrant. Soon after Sheriff Holmberg entered and the condemned man said, earnestly:

"I want to ask you a last favor. Please let me pull the trap. It will save you life-long anxiety and will give me eternal satisfaction." The sheriff replied: "I cannot do it, Harry. I know my duty."

On the scaffold Harry made an extended statement. He said that to please the several pastors who had called upon him he would say, "God forgive me for what I have done." This is looked upon by some as a confession.

The trap fell at 2:10 o'clock and the wonderful vitality of the man was shown by the fact that he lived for several moments after the trap fell. His neck was broken.

Even before dark, morbid crowds had assembled in the vicinity of the jail. There was nothing to see except the gray walls, and the occasional opening of the heavy doors, to admit some official, yet they lingered in the vicinity. At midnight the throng numbered several hundred.

Hayward's swell dinner, the "last supper," as he profanely expressed it, was served according to his desire, shortly after 10 o'clock, and he partook of it with apparent relish.

Rev. Father Timothy arrived shortly after, not upon the summons of the condemned man, but in case at the last moment a desire should be expressed by the hitherto unrepentant man for a spiritual adviser.

During the evening Hayward held a lengthy conversation with his attendants, and laughed and joked on the subject of his approaching execution. As Captain Sandberg was covering the windows of the jail, looking into the alley, Harry noticed him, and shouted, "That's right. Block out the gaping crowd. There will be no visitors after 5 o'clock in the morning. People wishing to see me will have to call at the morgue, as I intend to change my quarters," and he laughed as he said it.

To the newspaper men he said: "I would like to see the account of how this thing came out, and about my actions on the scaffold," and again he laughed as if he was going to a picnic.

STORY OF THE CRIME.

The Brutal Murder for Which Harry Hayward Suffered.

Minneapolis, Minn., Dec. 11.—Even murder mysteries have their solution, and the murder of Catherine Ging was one of the most notable of these. It was but one year and eight days from the commission of the crime till Harry Hayward, to whose brain is accredited the planning of the murder, stepped on the fatal scaffold in the darkest hour before the dawn.

On the evening of Dec. 3, 1894, a little after 8 o'clock, the dead body of Miss Catherine Ging, a well-known dressmaker of this city, was found lying by the side of the lonely road that skirts Lake Calhoun, one of the favored summer drives, but less used in December.

An hour before she had taken from the Goosman stables a buggy, and what has become famous as the "buckskin horse," and had driven away unaccompanied. Soon after 8 o'clock her dead body was found, and, at about the same time, the horse came trotting into the stable alone, and with no indications of having run away.

At first it was thought there had been a fatal runaway, the battered condition of the head seeming to point that way, but the coroner soon found a bullet wound in the back of the head, and it became a question of murder or suicide. For some days there was something of uncertainty, but the officers were finally put on what turned out to be the proper track by one from whom they least expected it. Then Harry Hayward, who had been intimately acquainted with the dead girl, and Claus Blixt, employed by Hayward, were arrested, charged with the crime. On Sunday, Dec. 9, Blixt made a confession, in which he stated that the murder had been committed by Harry, and that he had simply disposed of the body for him. This was clearly false, and he finally confessed that, inspired by Harry Hayward, and for fear that Hayward would kill Mrs. Blixt—that threat being held over him—he had committed the murder, and he described it as it was afterward described by him on the witness stand. Various corroborating circumstances were later found, and it was for this that Harry Hayward, the stalwart six-footer, handsome, nervy, erratic and reckless, was convicted and sentenced to hang. Claus Blixt pleaded guilty and was sent to state prison for life for his share in the crime. The murder and the trial, imprisonment and execution of Harry Hayward have held the public attention more constantly and intensely than any like crime of recent years.

WILL MEET AT ST. LOUIS.

National Republican Convention Captured by That City.

Washington, Dec. 11.—The Republican National Convention will be held at St. Louis on June 16 next. That was the decision reached by the Republican National Committee assembled here yesterday, after spirited balloting lasting two hours. The successive ballots are shown as follows:

St. Louis.....	13	14	18	22	29
San Francisco.....	20	19	19	19	16
Pittsburgh.....	9	9	9	1	0
Chicago.....	8	8	9	9	6
New York.....	1	0	0	0	0

The morning was spent in hearing speeches in behalf of the contending cities, the doors being open to the various contesting delegations. This concluded, the committee began its afternoon session behind closed doors. The first important question of the convention was the fixing of the date of the convention. The Executive Committee reported a resolution favoring June 16. This was amended by Committee on Lannan of Utah in favor of August 18. There was sharp debate, and Mr. De Young of California finally proposed a compromise between June and August—viz., July. The De Young and Lannan amendments were both defeated, and then, by a practically unanimous vote, the date was fixed at June 16.

Then came the main contest between the cities. There was much excitement as the ballots proceeded, the committeemen from the interested sections hurrying about and seeking to effect combinations. At the outset San Francisco secured one more than the nineteen claimed from the first. The announcement of her lead was greeted with enthusiasm when it reached the outer corridors. The strength of St. Louis was somewhat greater than had been expected. While neither Pittsburgh nor Chicago made the showing anticipated, St. Louis gained steadily on each ballot. San Francisco sought to meet this by drawing the votes of Chicago, but without avail. The first serious break occurred when David Martin of Pennsylvania led the Pittsburgh forces toward St. Louis. On the fourth and last formal ballot the San Francisco forces broke for the first time, Michigan, Wyoming and Connecticut going to St. Louis. That settled it, and gave St. Louis the convention. The choice was made unanimous on motion of Mr. De Young of San Francisco.

Democrats Meet at Indianapolis.
Indianapolis, Ind., Dec. 11.—A number of prominent Democrats from different parts of the State arrived yesterday to attend the party conference which convenes today. A marked feature of the arrivals was the number of free silver men who are members of the Free Silver League. They say that they do not expect the financial question will be brought before the conference, but they have marshaled their forces so as to meet it if it should be presented.

Winter Wheat Statistics.

Washington, Dec. 11.—The December returns to the statistical division of the department of agriculture show the condition of winter wheat on Dec. 1 averaged for the country 81.4 per cent, against 89 last year and 91.5 in 1893. In the principal winter wheat states the percentages are as follows: Ohio, 74; Michigan, 79; Indiana, 80; Illinois, 79; Missouri, 76; Kansas, 80; Nebraska, 90; California, 102. The returns make the acreage of winter wheat just sown 104.6 percentage of that harvested in 1895. This estimate, which is preliminary to the completed estimate of June next, makes the area sown for the harvest of 1896, 23,647,000 acres.

EXONERATE M'BRIDE
OF CHARGES MADE

LABOR LEADER NOT GUILTY OF RECEIVING A BRIBE.

Fight For Shorter Hours of Labor—Secretary Carlisle Criticised For Alleged Violation of the Eight Hour Law—Free Silver Resolution Is Presented.

New York, Dec. 11.—At yesterday's session of the American Federation of Labor the first business of the day was the determination by the convention to hold meetings daily, from 9:30 to 12:30 and from 2:30 to 5:30 p. m. It was also voted to make Thursday afternoon the latest time for the presentation of resolutions. Debate on questions will be limited to five minutes. Secretary McCraith read the report of the Executive Council, which hears various grievances. The report relates to the boycotts of the past year and the manner in which they were settled. Action upon the report was deferred un-

til the printed copies should be in the hands of the delegates.

A report from the Executive Council was read by Secretary McCraith. In the report President M'Brade was exonerated of the charge made during a strike in Pennsylvania that he had accepted a bribe. The investigation which resulted in the exoneration was made by Vice President McGuire.

"I move that the report of the Committee on Credentials be deferred until the report of the Executive Council can be printed and put in the hands of the delegates," said a delegate. It was carried.

George McNeill, the father in this country of the labor union movement, was made one of a special committee to report on the resolution regarding the eight-hour movement.

Among the resolutions handed up for action by the committee on resolutions was one presented by F. H. Diehl, delegate from the Pattern Makers' National league. They recite that there are laws restricting the employment of laborers and mechanics on government work to not more than eight hours per day, and that it is positively known that officials of the treasury department not only do not enforce the law, but openly violate it, and that the officials tend to pervert the efforts of the trades and labor organizations to shorten the work day. Then it was

Resolved, That the executive council of the American Federation of Labor is hereby directed to prepare charges, under general order No. 398 of the navy department, issued Aug. 6, 1892, to the president of the United States, against the secretary of the treasury, who, being cognizant of such violation, has failed to have said law, covering the eight-hour work day, properly complied with. It is further

Resolved, That the delegates to the convention believe that it is of paramount importance that the head of the government must see to the strict enforcement of the eight-hour law, and we hold him to a strict accountability. The resolutions were referred to the committee on resolutions.

Delegate Venney of Omaha introduced a resolution in favor of the free coinage of silver at a ratio of 16 to 1, without conferring with "any other nation on earth."

As the committee on resolutions reported in favor of that resolution limiting the hours of the journeymen horsehoers to nine hours, the report was brought before the convention for confirmation. The convention voted to send the report to the committee on shorter hours. After some relatively unimportant business, the convention adjourned until today.

MASSACRED BY INDIANS.

Entire Family Killed by Redskins Near Fort Bower, N. Y.

Deming, N. M., Dec. 11.—Another murder of a family is reported from the San Simeon Valley in Arizona by the renegade band of Indians from the San Carlos reservation. A father, mother and three children were slain on Thursday following the killing of Merrill and his daughter. They were Germans who had recently come to this section from the East for the purpose of taking up a homestead. The killing is reported to have occurred near Fort Bower, recently abandoned by the United States troops. Nothing can be learned of the movements of the soldiers' and cowboys' posers. A detachment of the First Cavalry from Fort Bayard is stationed at Stein's Pass to prevent the escape of the band into Old Mexico over the old Geronimo trail.

ARE AFTER MR. BAYARD
WITH A SHARP PROD

IMPEACHMENT RESOLUTION INTRODUCED IN THE HOUSE

However, the Measure, Was Afterward Somewhat Modified—Representative Barrett Of Massachusetts, Causes a Lively Debate—Senator Shelby M. Cullum's Speech.

Washington, Dec. 11.—Representative William E. Barrett of Massachusetts yesterday offered a resolution impeaching Thomas F. Bayard, ex-secretary of state, and now United States ambassador at the court of St. James, for high crimes and misdemeanors. The grounds advanced in the resolution were the utterances of Mr. Bayard, delivered before the Edinburgh, Scotland, Philosophical institute, Nov. 7. In this speech Mr. Bayard spoke of "protection" as a form of "state socialism," and said it had done more to "foster class legislation," "breed inequality," "corrupt public life," "lower the tone

AMBASSADOR BAYARD.

of the national representation," "divorce ethics from politics" than any other single cause. Such reflections on the government policy by a United States ambassador before a foreign audience, the resolution recited, were in serious disregard of his proprieties and obligations and calculated to injure our national reputation. It concluded by instructing the foreign affairs committee, which was empowered to send persons and papers, to investigate and report, "by impeachment or otherwise." Mr. Barrett's resolution had been preceded by one by his colleague, Mr. McCall (Rep., Mass.), in a milder tone.

Mr. McCall's resolution went down before an objection, and then it was that Mr. Barrett sprung his impeachment resolution as one constituting a question of privilege.

Mr. Crisp, the leader of the minority, made an unavailing attempt to contest the privileged nature of the resolution. Speaker Reed overruled his point of order, and the resolution was thrown into the arena of debate, where it remained for three hours. The Republicans took the position that Mr. Bayard's speech constituted an offense against the country that called for a stern rebuke, if not his recall. The Democrats took the position that Mr. Bayard's utterances did not by any stretch of the imagination constitute grounds for impeachment. Those who took part in the debate were Messrs. Barrett (Mass.), Dingley (Me.), Grow (Pa.), Hitt (Ill.), Cannon (Ill.), Republicans, and Messrs. Crisp (Ga.), McCreary (Ky.), Money (Miss.), and Turner (Ga.), Democrats. Mr. Hitt, who will be chairman of foreign affairs, advised Mr. Barrett to amend the resolution so as to strike out the words instructing the committee to "report by impeachment or otherwise," and this was finally done. Mr. Crisp moved to refer the resolution to the judiciary committee, which, being defeated by a strict party vote—90 to 207—the Democrats contented themselves with simply voting viva voce against the resolution, which was adopted without division.

Mr. Crisp demanded a yea and nay vote, which was taken, resulting 90 to 207. Mr. Cannon moved to strike out the words "by impeachment or otherwise," and his motion was agreed to. As amended, the resolution was adopted without a division.

Mr. Fisher (Rep., N. Y.) offered for immediate consideration a resolution to instruct the committee on naval affairs, when appointed, to investigate the reports that the battleship Texas was faulty in construction and also to report upon the plans, construction, cost and seaworthiness of the ship. Mr. Crisp (Dem., Ga.) objected.

The following committee on accounts was announced: Aldrich (Ill.), chairman; Odell (Rep., N. Y.), McCall (Rep., Tenn.), Tracy (Rep., Mo.), Long (Rep., Kas.), Rusk, (Dem., Mo.) and Price (Dem., La.).

Then at 3:35 p. m., the house, on Mr. Dingley's motion, adjourned until Thursday.

THE MONROE DOCTRINE.

Senator Cullum Favors Its Uncompromising Enforcement.

Washington, Dec. 11.—Senator Cullum addressed the senate yesterday in support of his resolution, introduced some days ago, declaring, in substance, the Monroe doctrine to be by precedent and tradition the recognized rightful policy of the United States. In answer to any statement that the Monroe doctrine already stands in force as a recognized part of our American policy, the senator said that it was so only in a

limited sense. Any president might abrogate or countermand it, and he cited two notable cases when it was brought in question. Mr. Calhoun, who was a member of President Monroe's cabinet, took occasion twenty-five years later to greatly qualify, if not entirely deny, the accepted meaning of President Monroe's message. And still later, John M. Clayton, secretary of state under President Taylor, in making what is known as the Clayton-Bulwer treaty, consented to the use of such uncertain language that it took ten years of diplomatic negotiations to fully regain what had been endangered. In the senator's judgment, the time has come when the nation should put the question beyond cavil, and by more direct language than that "This government cannot view with indifference attempts of European governments to colonize either in North, South or Central America," continuing:

"The nation has played diplomacy long enough, and without much effect. Great Britain has been disregarding polite requests, protests, arguments, and suggestions that we cannot 'look with indifference' upon her policy to reach out further until she, if let alone, will finally dominate Venezuela. The time has come for a plain, positive declaration of the Monroe doctrine by congress, and then, if necessary, plain, positive enforcement of it against all comers."

Mr. Call (Dem., Fla.) presented several memorials from citizens of Florida for the recognition of the belligerency of the Cuban insurgents; Mr. Sherman (Rep., Ohio) the memorial of the National Wool Growers' association, and Mr. Peffer (Pop., Kan.), from the committee to examine the branches of the civil service, favorably reported the bill introduced by him to prescribe the method of conducting congressional funerals. At 1:30 p. m. the senate adjourned.

To Discipline Turkey.

Washington, Dec. 11.—Senator Call of Florida yesterday introduced a concurrent resolution for the prevention of "the misuse and cruelty of the Armenian subjects of Turkey." It recites that "humanity and religion and the principles on which all civilization rests demand that the civilized governments shall, by peaceful negotiations, or, if necessary, by force of arms, prevent and suppress the cruelties and massacres inflicted upon the Armenian subjects of Turkey, by establishing guarantees by the civilized powers of its authority and permanence as shall be adequate to that end."

Democrats Give Up the Senate.
Washington, Dec. 11.—The democratic steering committee of the senate yesterday informally discussed the question of the reorganization of the senate by the republicans. After the meeting, Senators Mitchell of Oregon, and Gorman, as the chairmen of the republican and democratic caucus committees, respectively, had a conference, and it is understood that Mr. Mitchell was assured that the democrats would interpose no opposition to the republicans organizing the committees in view of the attitude of the populist senators.

THE SULTAN YIELDS.

Additional Guardships to Be Allowed in the Dardanelles.

Constantinople, Dec. 11, via Sofia, Bulgaria, Dec. 10.—The long-drawn-out controversy between the ambassadors of the Powers and the Sultan over the question of admission of additional guardships for the protection of the embassies was settled last evening by the issuance of an irade granting the necessary firmans to permit the guardships to pass the Dardanelles.

No news has yet reached this city from Zeltoun, which is still supposed to be in the hands of the Armenians. The commission sent to estimate the loss sustained by the American missionaries in the riots at Marash has fixed the amount at \$2,400. The commission investigating the damage to American missionaries' property at Kharpout has not yet reported.

A report received here from Van states that 40 villages in that vicinity have been devastated and plundered, and that the entire population, consisting of 14,000 persons, has been dispersed to the hills. Everywhere, it is added, there is massacre, pillage, famine and fire at work in exterminating the Armenians.

It is also stated that 50 villages around Sivas were devastated by the Turks, bashibazouks, soldiers and gendarmes, while the population fled and wandered over the surrounding country.

MAY RISK A BATTLE.

Cuban Insurgents Combine to Meet Spanish Troops.

Havana, Dec. 11.—According to trustworthy information just received here, the insurgents have been making rapid progress through the province of Santa Clara since the defeat of Colonels Eugara and Eugerio. The forces commanded by Gomez, Maceo, Roloff, Sanchez, Carrillo, Guerra, Diaz, and other insurgent leaders have united and are now encamped at Vajaca, about fifteen miles from Placetas, an important town on the road to Santa Clara, and a point of great strategic value in its relation to the seaport of Caibarien. From the fact that so many of the insurgent leaders have concentrated their forces, it is believed that Gomez and Maceo have determined to risk a pitched battle with the Spanish troops.

Indiana Racing Law Is Valid.

Indianapolis, Ind., Dec. 11.—The Supreme court decided yesterday for the second time that the Sellers law regulating horse racing in this state was valid. The decision is a new branch of the Roby case. The horse-racing people appealed from the interlocutory order of the Lake Circuit court restraining horse racing on the Roby track. In additionally holding that the Sellers law is valid the Supreme court has reassured the managers of the Indiana tracks that they can go ahead and race if they only conform to the letter of the law.

Trouble Caused by Deputies.

Fort Grant, Ariz., Dec. 11.—News is received that the trouble on Cibola Creek was caused by two deputy sheriffs sent to arrest two Indians of Alchessay's band. They were returning to Globe with their prisoners and were overtaken by 50 Indians, who took the prisoners, but allowed the deputies to go unharmed. Later they were again overtaken by a part of the band, who attacked them. A running fight ensued, in which one Indian was killed.

Bynum, although a Democrat, is expected to make a powerful talk for the equity of the last apportionment.

Von Hohenlohe's Declaration.

Berlin, Dec. 11.—In the reichstag yesterday the chancellor, Prince Von Hohenlohe, declared that the Government did not intend to introduce special anti-socialist legislation, but, he added, the Government would administer the existing laws so as to protect the state and society.

A BIG ROW CAUSED BY A LITTLE WORD

MISTAKE IN THE PHARMACY BOARD'S CIRCULAR.

Made It Appear That All Patent Medicines Were Banned Out of Wisconsin, Where Only Local Remedies Were Aimed At—Rule Was Made to Regulate General Stores.

A misplaced word in a circular issued by E. B. Heimstreet, secretary of the Wisconsin state board of pharmacy, to general storekeepers in various parts of the state has caused considerable groundless alarm among manufacturers of proprietary medicines. Members of the board claim however, claim that their purpose has been misunderstood.

Some of the principal patent medicine houses in the east had their attention called to the following letter written by Mr. Heimstreet to G. W. Benure, a dealer in general merchandise at Darien, Wis.:

DEAR SIR:—If you will read section 9 you will see that a general dealer cannot sell patent medicines or any medicines unless they have the formula on the bottles and are made by registered pharmacists or physicians of Wisconsin. Notice is now being sent all over the state to general dealers that test cases will be commenced in January, time being given to those who do wish to dispose of such goods.

Word Was Wrong.

From the letter it would appear that the last legislature had caused to be spread on the statute books of the state stringent measures against the sale of patent medicines of any kind by general dealers within the borders of the state. The explanation of the pharmacy board is that the law applies only to proprietary medicines made in Wisconsin and the misunderstanding was caused by the unexplained substitution of the word "and" for "that." The clause was intended to state that it referred to medicines "THAT are made by registered pharmacists or physicians in Wisconsin." President H. C. Schrank said that the circular was prepared in great haste and in that way the error crept in without attracting attention of the board until many copies had been sent out. A careful reading of the law he said, would make the error evident to any one.

According to this explanation very few of the big patent medicine houses will be affected, as comparatively little is done in this state in the way of making proprietary remedies. Still such remedies are made in Wisconsin, and there is no doubt that the constitutionality of the law will be tested. Druggists, if they be registered, can always sell any and all patent preparations and poisons. The section considered refers only to such dealers as are not registered pharmacists.

HAVE STOPPED KILLING HORSES

Baum & Raub Finish the Season's Slaying of Deceitful Equines.

The horse killing firm of Baum & Raub which has done a good business the past summer, have now "closed the season" after having handled 158 horse hides. The firm started the buying up of old equines late in the summer and at one time had more old horses than they could attend to. Mr. Baum says the price of hides has gone down, until 75 cents was their best price they could pay for a horse. The first part of the summer the executioner did his work with a double barrel shot gun but as business got better the firm invested in a rifle of the latest pattern, the use of which they say, was endorsed by the local humane society.

GUNSAULUS TELLS WHAT PURITANS DID

THEY HAVE BEEN STRONG SINCE ABRAHAM.

Savonarola, King Alfred and Cromwell Represented the Same Principle and Stood for the Same Saving Element in National Life—Other Events of Last Night.

"The Later Eloquence of Puritanism," a theme with which Dr. F. W. Gunsaulus is in close touch formed the subject of the eloquent Chicagoan's lecture last night. The lecture was the third of the People's course entertainments. Dr. Gunsaulus took for his first Puritan, Abraham, the beginner of western enterprises. Puritanism lived after him in Isiah, Savonarola, King Alfred, Cromwell and the sturdy men who bore the name in the new world. The first state papers in

its history were the Ten Dooms. Then came the Magna Charta, the Great Remonstrance with its little leaf in our history known as the Mayflower compact, the Declaration of Independence and finally the culmination of Puritanism, the Emancipation Proclamation. Samuel Adams, Abraham Lincoln, Patrick Henry and James Otis were among Puritan leaders that stood behind our two great wars. The speaker spoke on the two great Puritans of later days, Daniel Webster and Wendell Phillips.

The next entertainment in the People's course will be Dec. 27 when Geneva Johnston Bishop will sing.

THEY GAVE A GRAB BAG SOCIAL

A Very Pleasant Entertainment at W. H. Sargent Post Hall Last Evening.

A novel and very enjoyable entertainment was given at W. H. Sargent Post hall last evening by the Woman's Relief Corps. It was a grab bag social and was followed by a supper and a dance. Oysters were served during the evening and Tuckwood's orchestra furnished the music for the dancing that closed the evening's amusement.

THEY CAN'T DO BETTER.

Immigration from European countries to the United States is commencing to pick up slightly. The southern states and some of the states west of us are making strenuous efforts to guide the stream of emigration in their directions. Wisconsin has as much if not more in the way of natural resources and hopeful prospects to offer intending settlers than any other state in the union. The immigrants that select Wisconsin as their abode will not regret the choice.

KEPT THE AX BUSY.

What a sham that talk was about "civil service reform in the consular service." Figures show that under the present administration a greater number of changes were made in consular officers than under any other administration for years, chiefly for partisan reasons, and had not the president been forced by public sentiment at last to call a halt it is possible that not a consul who had been appointed as a republican would now be representing in the United States abroad.

By letting election boards say whether voters "are able to interpret satisfactory a section of the constitution" South Carolina democrats think they have "fixed" the negro vote. Perhaps they have. The next thing will be for congress to fix South Carolina's representation in Washington.

Bills are being introduced in congress this week at the rate of three hundred a day. The ones that will see light after committees get hold of them are much less numerous. Every cloud has its silver lining.

There is some fairness in the charges that lost Chicago the republican convention. Chicago is great, but Chicago is hoggyish, and her hoggyishness was what set the committee against her.

Janesville can't afford to let trade go to outside towns. If freight rebates give Milton or Clinton or Delavan the advantage on grain buying or coal selling people want to know it.

Don't let the western states get all the steady, hard-working immigrants who are beginning to come from Europe to make homes under Old Glory's folds.

Sewing machines are being manipulated by a trust again, but dealers will never see the day when \$15 machine sell for \$90 as they did a few years ago.

ARE YOU THIN?

Do You Want to Become Fleshy?

A FEW SIMPLE RULES

Flesh and Not Fat Is What Is Needed.

What thin people want is flesh and not fat. To be symmetrical and properly proportioned, every person should have a certain amount of flesh. To be plump does not necessarily mean to be fat. Fat is undesirable, it clogs and retards the action of every muscle, interferes with the healthy action of the heart and lungs, and when excession predisposes of fatty degeneration of vital organs; to say nothing of the discomfort more or less, resulting from excessive dispose tissue.

Common sense would suggest, that if one wishes to become fleshy and plump, the thing most needed would be flesh forming foods, in other words albuminous foods, like eggs, beef, oatmeal, etc. The kinds of food that make flesh are the foods that form the greater part of our daily bill of fare.

Now, the only reason so many people remain thin is because their stomachs do not properly and completely digest and assimilate the flesh-forming beef steak and eggs we eat every day.

There are thousands of such people and they are really dyspeptics, although they may not suffer any particular pain or inconvenience from their stomachs. If such persons would take with their meals some preparation like Stuart's Dyspepsia Tablets the food would be quickly digested and the proper degree of plumpness very soon secured, because these Tablets are prepared exactly for that purpose. They will digest every variety of flesh-forming food, which is the sole reason why they so quickly build up and strengthen thin, dyspeptic men and women.

Stuart's Dyspepsia Tablets cure dyspepsia and every form of indigestion on this common sense plan, that they digest the food promptly, giving strength to every nerve and organ in the body, while at the same time the stomach has a chance to rest and recover its natural vigor. Nothing further is required to cure any stomach trouble or to make thin, dyspeptic people strong, plump and well.

This excellent preparation is manufactured by the Stuart Chemical Co., Marshall, Mich., and sold by druggists everywhere at 50 cents per package.

COLUMBUS IS HERE BUT NOT FOR LONG

WILL GO OUT AGAIN AT 6:25
O'CLOCK TONIGHT.

Many Janesville People Called This Morning to Take a Peep at the Big Member of the "Four Hundred"—A Day's News Gathered On the City Streets.

An enigma that thousands of people looked at in open eyed wonder at the World's Fair, now stands in the Janesville round house of the C. & N. W. road. It is the "Columbus, No. 400," and was the central figure of the company's exhibit at the big show. It will be in Janesville off and on for some time, as it is now pulling "the limited" between Chicago and St. Paul. It arrived in Janesville at 1:20 this morning and will go out again at 6:25 tonight. The driving wheels are eight feet in diameter and the engine can carry 260 pounds of steam, although that amount is not used. Many people visited the round house today to look at it, but the railroad men say it is not as good a machine as the new pattern engines now being made.

The best efforts of years of experience and thought have been put into the selection of this year's holiday stock. We are confident that if you come to us you will not be disappointed either with what we show or the prices asked. Try it. A. F. Hall & Co., "the reliable jewelers."

TOUCHING a man's heart is delicate business, but not risky when you know him. We can help young men carry slippers that proud men delight to enjoy. You reach a man's comfort you have touched his heart. Our slippers from 50 cents up will do the work. Brown Bros. & Lincoln.

It quite often happens that the poor quality of the knife makes it incapable of retaining a sharp edge and that's the vexing thing about a poor carving set. A. F. Hall & Co. the reliable jewelers have a new lot of carving sets all of them made for use. Nice thing for Christmas.

A RAINY day is just the kind of a day to "look around." Take advantage of every one of them, and spend as much time as you can spare at A. F. Hall & Co's "the reliable jewelers." They have a large stock of pretty things, and at prices that will interest you.

LET us show you our Christmas slipper stock. In a very few minutes we can convince you that we have a greater variety than you can find elsewhere, and we will make prices that are absolutely unapproachable by competition. Becker & Woodruff.

A SPECIAL meeting of the Business Men's Association will be held Friday evening. All members in good standing are requested to be present, as business of importance is to come before the association. W. T. Vankirk, President.

A DELEGATION from the Bower City Lodge, Germania Aid and Benevolent Association will go to Monroe tomorrow evening to visit the Monroe lodge. They will go in company with the grand president and the grand secretary.

The Evening Whist Club were pleasantly entertained last evening at the Court Street home of Mr. and Mrs. G. S. Parker. Mrs. Will Skelly was awarded the lady's prize, while E. C. Johnson captured the gentlemen's.

We were putting our greatest energy for the past two weeks on neck wear. We are stronger than ever on beautiful shades of neckwear from 25 to 50 cents each. The very thing for holiday gifts. Rosenfeld on the bridge.

CANARY & Lederer's big English Casino Company will give "The Passing Show" at Myers Grand on Friday, December 27. The organization is the identical one which played seven weeks in Chicago last year.

It can be depended upon to be worth at least a glance—the Milwaukee street show window of A. F. Hall & Co., "the reliable jewelers"—and it may give you an idea that will save you money.

We cannot load you up with shoddy shoes. We do not carry them you know. But we are more than ever in line to save you a handsome profit on the best foot wear made. Becker & Woodruff.

FRANK THOMPSON, the popular athlete of the Hotel Myers, now owns the fine gun disposed of at Worthington & McKee's. No. 116 was the talisman that brought him good fortune.

We are fully prepared for a heavy rush of Christmas trade. In fact we were never so well prepared. Prices on our slipper stock will be cut in two. Becker & Woodruff.

The fact is not generally known that Janesville people can stop at the Tremont house, Chicago, at a rate commensurate with the times, \$2.50 a day, room and meals.

It pays to keep posted. Go all around. Look at Christmas slippers, then come to us. We suit you every time in price as well as style. Brown Bros. & Lincoln.

PASSENGER coaches that had just been sent out of the Chicago shops, were attached to the St. Paul Mineral Point train today.

We do not expect to sell all the slippers that are sold before Christmas, but we do expect to sell the most of them, as we always do. Brown Bros. & Lincoln.

What's the use in doing unless you can't, can be most appropriately applied to watch buying, and there is no

necessity of buying a poor watch when A. F. Hall & Co., "the reliable jewelers" are selling good ones at such low prices.

Bradbury Planos—Special Christmas Offer

We intend that 1895 shall be a red letter year in our fifty years of business. We want you to help us out and to increase our sales. Send us your name and the names of your friends who would buy the best and sweetest toned piano made if they could buy it on extra favorable terms. Your Christmas will be happier if you have a new Bradbury in the parlor. Our Christmas will be happier if our immense factories, stores and warehouses in Chicago, New York and other cities are emptied to meet your demands.

We want you to have the same sort of Bradbury piano that Mrs. Cleveland plays on in the White House, and that Mrs. Hayes and Mrs. Harrison used, and that Mrs. Grant used also. Don't be afraid that the price is too high for you.

There is good news for you in our special 1895 Christmas offer. We don't expect the prices we got forty years or twenty years or ten years ago. But the Bradbury is better than ever in tone and quality and in every way. Our guarantee with over one million dollars capital behind every piano we make and sell.

Write today, for Christmas is coming fast.

WANTED

Every Man, Woman, and Child in Rock County to Know That

T. J. ZEIGLER,

At the corner of Main and Milwaukee Streets, of Janesville, Wisconsin,

IS

STUCK

Stuck in his Children's Department.

Why Am I Stuck?

Because I was prepared for an extraordinary season and have not done nearly as large a business as I expected. It is not necessary to tell you why. Well does every farmer in Rock County know why he hasn't bought the usual amount of clothing for himself and his family this fall, as has been his habit in past seasons. Again to the point, we've got a tremendous stock of clothing of all kinds and we must unload. Thousands of dollars of seasonable clothing with which we are stuck must now be sold at the most shamefully low prices ever known or heard of. We are going to cut the life out of our immense stock and shall do a thing—that is utterly unprecedented in the clothing business in Janesville.....

Stuck in his Men's Department.

Stuck in his Overcoat Department.

Stuck in his Ulster Department.

What Are We Going To Do?

We are going to take several of our very best lines of goods and cut the price right in half. More than this we are going to take lines of \$12.00, \$15.00, \$18.00 and \$20.00 Men's Suits and make a

MONSTROUS \$7.00 SUIT SALE.

Commencing Thursday and Continuing Friday and Saturday--Three Days!

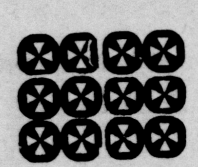

This is no fairy tale, it's business. We have got to have money. It's a chance of a life time, don't miss it.

T. J. ZEIGLER Can't afford to advertise fake prices. Oh, no! We expect to be in business next year.
